Saturday

April 2019

Birthday: Gloria is involved in the women's ministry at Kalungu.

Elma d T underwent surgery and is recovering. Praise God for good results. Physically, emotionally and spiritually she is strong and in good spirit. Continue to pray for her and Piet who at present enjoy the comfort of their children and grandchildren.

Pray for the South of Malawi and other countries in Africa that have been affected by cyclone Idai's destruction. Pray for the church to move with compassion into desperate situations through bringing hope, food and comfort. Pray for supernatural intervention.

Birthday: Reinette teaches at the UFCE at Koti ni Eden

Birthday: Temwani manages the King's Highway Rest Camp in Kalungu.

The DMT students who were trained in Wolseley, Kalungu and Malawi are home with their families. Many of them committed and recommitted their lives to the Lord. Our prayer is that they will walk dependent on the Holy Spirit and in obedience to what He had revealed to them.

Join FCE as we spend this day in Fasting and Prayer: Declaring Him as our Lord, focusing on Him as our King, Prophet and Priest. Worshiping and glorifying Him as our First love.

7

Birthday

8

Piet Principal UFCE Koti ni Eden

DMT Courses start today at Wolseley and Kalungu. Praise God for opportunities to build up the body of Christ by walking in step with His Spirit. Pray for the coordinators who in the following weeks are trusting the Lord to make Himself known through His Word.

Under very challenging circumstances God cleared the way for us to apply for visas for the April outreaches. Our faith has been challenged, and we have a testimony to share about each visa that was granted! Praise Him for his provision and pray protection for groups.

FCE staff often has to move and work between the different training centres. Sulene and Tanya are returning to Kalungu after Sulene served in Wolseley and Tanya at Okahandja. Continue to pray for the staff facing uncertainties due to the dam situation.

11

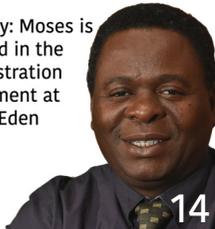

Neels departs on a prayer outreach to Europe joined by Bart, Marthe, Julia, Daniel, Ina, and Riette. Ask the Lord to direct their prayers according to His purposes. Pray for provision to visit FCE supporters and ex-students.

12

Thank God for the compensation money that enables us to rebuild the CTC of Koti ni Eden. In this way we continue our commitment towards the parents and children. Thank the Lord for the dedication of our teachers. Ask Him to continue to reveal Himself in creative ways!

13

Birthday: Moses is involved in the administration department at Koti ni Eden

14

FCE's contract with Kees Klaassen, owner of the King's Highway Somerset West, ends this year. Thank God for this wonderful opportunity through the past 10 years to serve missions through hospitality. The guesthouse is in the market; pray for a suitable buyer.

15

Birthday: Maryke is serving in the hospitality department at Koti ni Eden, while raising her 3 children and supporting her husband Willie

16

Jannie leads a prayer outreach with Joe/Eunice/Francois/Simon/Donna and Albert to two countries in North Africa. 22 years ago FCE was involved in a global prayer initiative to this area. Pray for the protection and also for His Word to bring life through their lives.

17

Birthday: Alburk Malawi Training Centre Leader

18

The communities surrounding our training centres are facing the possibility of weak harvests due to various reasons. This leads to famine and other related problems. Pray for wisdom as our community workers need to guide the people to plan wisely.

19

Aletta, Lindie and Gloria took up the responsibility to home school their children. Pray for much wisdom and stacks of creativity to make schooling a lifestyle and life changing. Pray for the children of the staff of FCE. Pray that each one will commit their lives to Him.

20

The communities surrounding our training centres: We face desperate situations in the lives of men, women and children. We see the need and are aware of the dark forces that keep them in bondage. Ask God to spiritually feed the multitudes with the loaves & fishes we have to offer.

21

Malawi Team started a ministry amongst a group of young men in the area. They meet every week. Life is tough and there are not many opportunities for them. They are caught up in bad habits, but they do have a desire to change and to know more. PRAY for a move of the Holy Spirit.

22

In Kalungu we have been approached by Chinese contractors to supply them with fresh produce. Praise the Lord for the opportunity to serve and build relationship with a people group who do not know the Lord Jesus Christ.

23

Today we remember FCE staff working in countries where we cannot mention their names. Pray that they will abide in Christ. Thank God for opportunities to make Christ known. Pray that He will keep them safe.

24

Jane Annie was born to the Mackley family on 3 March. She is a healthy baby. Pray for Jordan and Elizabeth who are involved in the DMT (F) at Wolseley. Continue to trust for a way to apply for Jordan's visa to enter our training centres in Africa.

25

Anita de Jager flies from Cape Town to Europe to join Neels and the FCE outreach team. Pray for protection on the flights and that she will be in time for connecting flights at the different airports.

26

Pray for Nita and Reinette who are involved in staff development training at Academy School in Lobatse, Botswana. Ask the Holy Spirit to renew the minds of the teachers so that they guide the children into God's plans for them. Pray for wisdom & travel mercies.

27

Pray for Ina and Riette who are travelling to Belgium, France, Spain, Portugal and Italy to visit and encourage family of colleagues, good old friends and to make new friends! Ask the Lord to use them to encourage and to testify of His goodness and mercy.

28

Pray for our alumni who are teaching all over the world. They all are impacting the next generation for God's Kingdom. Pray for wisdom, dedication and perseverance in an environment which often makes it hard to remain Christ-centred.

29

Continue to pray for Piet, Thinus and Neels from the UFCE and the interest groups from Christian schools who are in the process of establishing a new University to train teachers for Christ-Centred Education in Africa.
